Esmeralda Garcia, your **Career Director** will provide you with training and coaching to assist you through your career search.

Career Director with over 10 years of experience in assisting students outline their career goals. Experienced in the Higher Education industry with an education in Technology and Management. Finds true joy and excitement in matching students to employment opportunities, support them in the pursuit of specific employment openings, prepare them for interviews, and aid through the offer and negotiation process.

Benjamin Jenkins, your **Profile Coach** will provide individualized feedback on developing your online presence, your resume and your bio.

Professional Information Technologist with over a decade of experience as well as an experienced IT Recruiter. Assisted thousands of end users and managed enterprise level networks. While recruiting, I specialize in placing executive level technologists and assisted them in writing their CV's, resumes, and professional letters of recommendations. My personal credo is: "If you put your mind to it, you can accomplish anything" Benjamin Franklin & Doc. Brown in "Back to the Future".

“Another important element that differentiates this program from others in the area is its strong Career Services support. The [Boot Camp] team helped me build my brand, hone my message, and clean up my materials to **present the best version of myself.**

“Taking this course was honestly the **best decision** I ever made.”

What can you expect from this program?

Industry-driven curriculum
with real-world problems

Highly challenging work
(it's a "boot camp" for a reason)

Holistic support

Group-based learning

What we expect from you

Qualifying for Career Support

You Qualify for Career Support!

Will you actually get me a job?

**YOU ONLY GET OUT
WHAT YOU PUT IN.
DON'T EXPECT
MORE UNTIL YOU
DO MORE.**

PICTUREQUOTES.com

No one can hand you a job.

We're here to support, coach and connect you -- but it's important not to just wait for those connections to be made.

How to get the most out of your career homework submissions...

Your career homework is intended to provide you the tools to be job search ready and the best part is that we provide you expert advice and feedback to make those tools the best they can be!

How do you ensure you get that feedback?

Read the homework instructions and submit your homework in the requested format.

Let's watch a short [video](#) on how to do this! And do a quick in class exercise.
